LULU

A vision of a brighter future

Brief Whitepaper | Version 1.0 | September 2026

1. Project Overview

LULU is a token project on BNB Smart Chain inspired by Lulu the capybara. Its identity expresses people's hopes for a better future. The gentle, easygoing character of the capybara reflects kindness, inclusion and an optimistic approach to life.

LULU aims to bring together people who share these values, encourage creative expression and build a welcoming community around the Lulu character.

2. Vision and Values

LULU aspires to become a community cultural symbol that carries positive hopes for the future. Its guiding values are kindness and inclusion, calm optimism, shared creativity, and truthful communication.

The project encourages respectful conversation and creative contributions inspired by Lulu. Its vision of a brighter future is a cultural aspiration, not a promise of token appreciation or financial returns.

3. Token Information

Token name	LULU (Lulu)
Token symbol	LULU
Network	BNB Smart Chain
Total supply	1,000,000,000 tokens

Contract address

0x9C441d78fa4EA2032AE19bF6EdbE5beB23510659

Actual token functionality, transfer rules and administrative permissions are determined by the on-chain contract. This document makes no unverified claims about minting restrictions, transaction taxes or the renunciation of contract permissions.

4. Community and Development Direction

Initial efforts focus on the official website, community communication and cultural content inspired by Lulu. Subject to available resources and community feedback, the project intends to explore the following activities:

• Improve public project information and communication channels.

• Publish images, stories and other cultural content featuring Lulu the capybara.

• Encourage community members to share ideas and participate in creative activities.

• Evaluate additional community activities and potential applications as the project develops.

These are intended directions, not a fixed delivery schedule. Specific products, collaborations or events will be described in subsequent official announcements if pursued.

5. Information Disclosure

This version does not provide details of token allocation, team holdings, use of funds, liquidity arrangements or a smart contract security audit. It should not be interpreted as confirmation that these matters have been completed or independently verified. Any future disclosures should include supporting information or verifiable links.

6. Risk Statement

Digital assets involve risks, including price volatility, limited liquidity, smart contract vulnerabilities, network disruptions and project outcomes that may fall short of expectations. Participants may lose all funds committed.

Holding LULU does not represent project equity, dividend rights or an entitlement to fixed returns. The project makes no promise of capital protection, appreciation or investment returns. This document is for project information only and is not investment advice. Participants should independently assess risks and comply with applicable local requirements.

7. Official Channels

Website: https://lulubsc.vip
Email: contact@lulubsc.vip
Telegram: https://t.me/+2V2OuD_OFmhiNDg1

Verify information through official channels and check the complete contract address to avoid impersonators and tokens with similar names.

With Lulu, we look toward a brighter future with kindness and quiet determination.
